

Shannon Ducat, PTA

Physical Therapist Assistant

Profile

I graduated from Kankakee Community College in 2021 and began my career as a physical therapist assistant at Illinois Bone and Joint in September of 2021. I enjoy working with all patients, the variations and uniqueness between each person has always been one of my favorite parts in this field. I thoroughly enjoy helping patients reach their personal goals and being a part of their accomplishments. Outside of work my interests include spending time with my dogs, visiting with family and playing recreational volleyball.

Education

- Physical Therapist Assistant, Kankakee Community College

6712 N Convent St
Bourbonnais, IL 60914
